

5. Brandon and his friend, Colin, know that a family in the neighborhood will be out of town at the Lake for the weekend. The two boys, both 13, climb the fence in the backyard and use a rock to break the glass in the backdoor. Both boys then enter the house and take an X-box, the two controllers and also several games. While in the house the boys also dump an entire bag of flour all over the kitchen as a joke. What crimes can Brandon and Colin be charged with at Youth Court? List a recommended number of community service hours along with any appropriate classes for this court sentence.
6. Sally and Kim (both 14) snuck out of the house one night and went to Quick Trip at 1:00 a.m. The girls each filled a big gulp cup with pop and concealed a Snickers candy bar in their front pockets. Kim also placed a 64 ounce bottle of Smirnoff in her purse. The girls left the store without paying and when the police officer came outside to stop them, each girl ran in a different direction. Luckily the quick trip clerk went to the same high school as both girls and was able to tell the officer their names. What crimes can Sally and Kim be charged with at Youth Court? List a recommended number of community service hours along with any appropriate classes for this court sentence.

3. Marcus, 15, is in a local Target Store. The security guard sees him take an I Phone and a phone charger from a shelf, remove them from the packages and hide them in the pocket of his jacket. Marcus then puts the empty packages back on the shelf and walks out the front door of the store without paying for the items. He then sees a car at the curb with the keys in the ignition and the owner bringing a cart to load items in the car. Marcus hops in the driver's seat and drives away in the car. The police follow and Marcus finally pulls over but refused to provide the officer with any identification or the name of his parents. What crimes can he be charged with at Youth Court? List a recommended number of community service hours along with any appropriate classes for this court sentence.
4. Phillip is 11 years old and in the 6th grade. He gets in an argument with his mother one evening and begins to swear and call her names. Phillip slaps his mother across the face and spits in her face. Then he runs out the front door and says he is running away. His mother called the police and they finally found Phillip hiding at McCoy Park at 3 a.m. What crimes can he be charged with at Youth Court? List a recommended number of community service hours along with any appropriate classes for this court sentence.
